**Rules for Crack The Code:**

**How to Play:** The predetermined winning (4) digit number for this contest will be randomly pre-selected and placed in a sealed security envelope. The randomly predetermined winning number will be programmed into the key pad and locking mechanism of the "bank vault" that will be used for all contest attempts.

In order to be a valid attempt, each eligible contestant must complete the following in the presence of the contest administrator:

1. Print and sign their full name, along with their **(4)** digit number guess on the first unoccupied line of the provided registration sign-in binder.
2. After completing the registration binder, the contestant must enter their **(4)** digit number guess exactly as recorded on the registration form into the digital key pad on the bank vault, **followed by the \* key on the key pad.** (*Example – if the contestant's number guess is recorded as 1-2-3-4 on the registration form, then they must enter 1-2-3-4-\* on the bank vault key pad. The \*-key acts as an 'enter' button.*)

**Contestants are responsible for correctly entering their (4) digit number guess into the key pad exactly as recorded in the registration binder. No prize will be awarded for any attempt that is incorrectly entered into the key pad. Any attempt initiated without the presence of the contest administrator will be void.**
