

**W**e will be celebrating with our community members who have stepped aboard the LG Express to take the journey to servant leadership. Every stop we make is a piece of our education that travels the tracks of Genesee County. LG builds leadership skills as our riders are exposed to the necessary knowledge, experts and experiences that make a community work. The year-long experiential curriculum visits more than 100 stops along the way.

The LG Express event is our largest fundraiser in 2024, ensuring our train keeps on rolling to provide scholarship funds for future riders.

We hope to validate your ticket and see you there.

# Join us for an evening **ON THE LG EXPRESS**
